

An Insider's *Paris*

A Vendôme Immersive Experience

Vendôme Experiences are an invitation to immerse yourself completely in a certain art de vivre best exemplified by the quest for excellence in all things, an art de vivre that celebrates life in all its forms, especially in artistic, literary and gastronomic creation.

From the 16th century when the House of Valois presided over the flourishing of the Renaissance in France, a way of life developed in the royal court that has been continuously refined and passed on throughout the centuries ...

You are invited to step into this world.

To discover.

To explore.

To indulge.

From the moment you disembark in France you will begin an exceptional journey that will be both transformative and renewing.

Our time together will be filled with incredible discoveries, stimulating conversations and shared experiences that will inspire you and make you curious to discover even more.

Luxury small group travel

Vendôme Circle values experiences that are both authentic and luxurious.

The number of travellers who participate in a Vendôme Immersive Experience is therefore limited to six so that each experience, be it a dinner at a restaurant or a private tour, remains on a human scale.

That allows us to both build meaningful connections with one another as well as to merge into everyday French life as seamlessly as possible.

Vendôme Immersive Experiences are small group travel at their best.

Activities in common will be balanced by opportunities for individuals or couples to relax or explore on their own.

Each day will include a group component and lunch or dinner together. The rest of the day will be tailored to you.

Your travel curator will be happy to organise activities for you in advance and will also be present for the duration of the experience should you desire a recommendation or an arrangement to be made.
